Welcome to ACTS Clubhouse

A place to BELONG, GROW, and SHINE

ACTS Clubhouse is a supportive, welcoming community for adults on a mental health recovery journey. Here, members make friends, discover strengths, learn new skills, and work toward meaningful careers - all at their own pace and in a judgment-free space.

Every day brings new opportunities to try something new, build confidence, and connect with others. Members and staff work side-by-side, sharing talents, learning together, and supporting one another. Best of all, membership is open to eligible individuals regardless of finances.
