

CLUBHOUSE NEWSLETTER

Spring 2026

Welcome to our first ACTS Clubhouse newsletter. We will be sending this out quarterly so you can get a peek at what's happening in our program. Since opening in November 2023, we have received more than 480 membership applications and currently have 77 active members on our roster — but there is always room for more people to belong.

County Commissioner Donna Cameron Cepeda Tours Clubhouse

Hillsborough County Commissioner Donna Cameron Cepeda toured the Clubhouse on March 5 to learn more about the impactful work taking place each day with members. Chief Operating Officer Cris Riviere, Clubhouse Program Director Jennifer Mullins, and members led the tour, highlighting different aspects of the Clubhouse and sharing more information about the work-ordered day.

“Thank you to the County Commissioner for taking the time to learn more about ACTS Clubhouse and how we are helping adults seeking mental health recovery and wellness,” said COO Cris Riviere.

To see the Clubhouse in action, call 813-771-0958 or email clubhouse@actsfl.org to schedule a tour.

Around the Clubhouse

Our studio is open! Members are using the studio to learn more about podcasting, video editing, photography, and more. Our main photographer, Christina, recently signed up for an eight-week class to learn more about video editing and production — skills she will bring back to share with other members at the Clubhouse.

The Clubhouse garden has been planted for the season. Using raised beds and with help from local UF/IFAS partners, members planted items that can be used in the kitchen.

Member Highlight

After five years, Abraham finished probation on January 27, 2026. He said, “I did good. I accomplished it. I feel very good about it.”

When we asked how Abraham felt about this accomplishment, he said, “I feel very sure about it. I had a lot of help, teamwork, and I stuck with the process. I took medications and stuff like I was supposed to, and I did good.”

When asked if he felt like he had enough support, Abraham responded, “Yes, I felt supported. The people that were there took a lot of care and went step by step. The judge also wrote me recommendation letters that said I was doing good and I’m a good candidate for anything.”

ACTS Clubhouse Appears on Bloom

ACTS COO Cris Riviere and ACTS Clubhouse Director Jennifer Mullins joined Central Florida Behavioral Health Network CEO Alan Davidson on Bloom to talk about the Clubhouse and the work being done to support mental health recovery.

Address: 201 E. Yukon Street • Tampa, FL 33604

Clubhouse Standards

Clubhouse standards are a set of 37 internationally recognized principles that guide the operation of Clubhouses, ensuring respect, opportunity, and meaningful engagement for members.

At each ACTS Clubhouse morning meeting, we review a “Standard of the Day” to keep these principles front and center.

To explore all the standards, [click here](#) or check out our social media pages, where we post a standard weekly.
